

Target model U1H

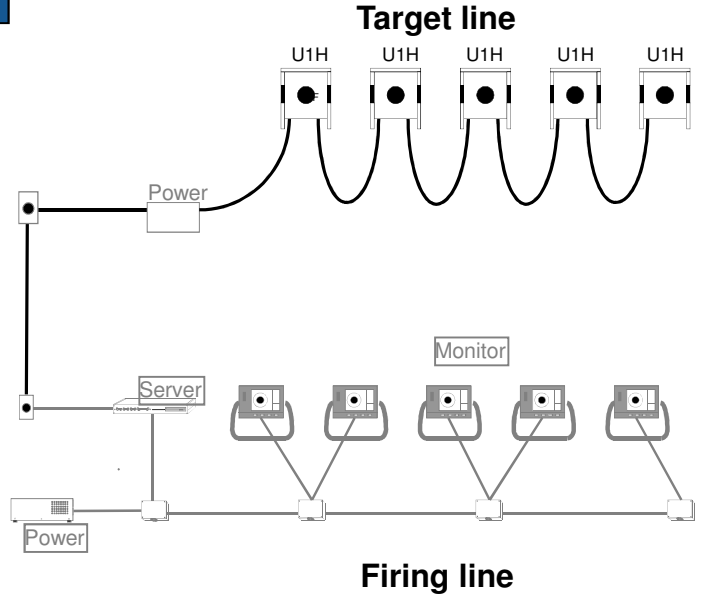

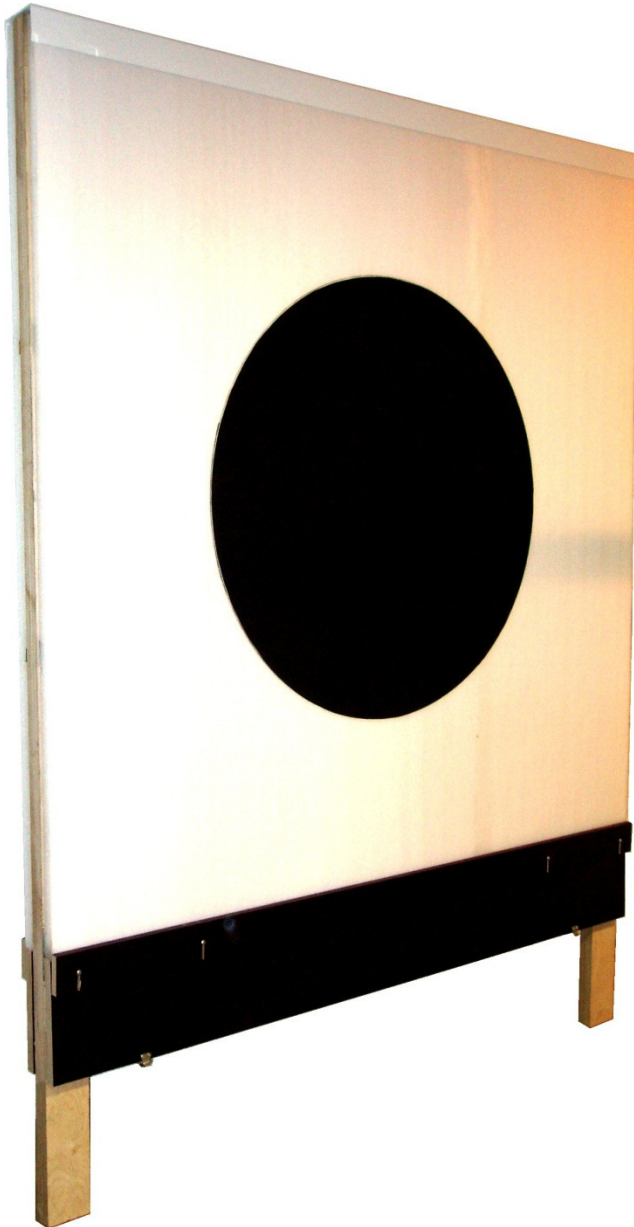

A target from Kongsberg Target Systems AS, mainly designed for long range shooting.

The target frame is made of 42mm plywood.

3 sensors are mounted at the bottom of the target, with the inspection hatch in front.

The lowest 25 cm of the acoustic measuring chamber, has to be protected in front, in order to secure the sensors.

The target has a vertical rubber band to seal the measuring chamber.

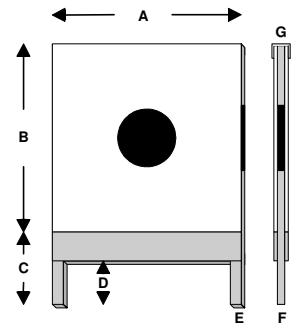

Recommended use :

- Long range shooting

Technical :

Dimensions:

A	1822 mm
B	1822 mm
C	550 mm
D	300 mm
E	100 mm
F	45 mm
G	102 mm

Temperature range -30 til + 60°C

Vertical rubber band 2 x 1000 mm

Weight..... Approx. 75 kg

Supplementary equipment :

- Specific aiming images.
